

**Additional flood debris drop-off locations:**

The County will provide an additional stop-gap flood debris drop-off for residents of Sumas, Nooksack, Everson and north Whatcom County. A commercial-sized dumpster – for flood debris only – will be parked on 1st Street, south of Sumas City Hall, and available during daylight hours Monday-Wednesday, Jan. 5-7, 2026.

No household waste can be accepted at the Sumas debris drop-off site.

Meanwhile, two other sites – RDS and Republic in Ferndale – continue to accept flood-damaged debris (paid for by the County, except for drop-offs on Jan. 1, 2026.) After the Stremmer site closes and through Sunday, Jan. 4, these two will be the only flood-debris drop-off sites available.
