January 7, 2026

Dear Sumas Business Owners,

As we continue working to support our community's recovery, I am preparing a communication to our state and federal legislators to highlight the significant impact the December 2025 flood has had on local commerce. Your experiences and data are essential to ensuring they fully understand the scale of the losses our businesses have endured.

To strengthen this message, I am requesting a brief summary of your business losses related to the December 2025 flood. This may include physical damage, inventory loss, equipment replacement, revenue impacts, staffing challenges, or any other disruptions your business experienced.

Because I will be submitting this communication to our legislators very soon, please send your summary as promptly as possible. Your input will help us advocate not only for the resources and support our community needs to rebuild and recover, but also for the long-term infrastructure and mitigation investments necessary to reduce future flood risk and protect Sumas businesses from experiencing this level of loss again.

Please e-mail your responses to bbosch@cityofsumas.com, or drop of written responses at Sumas City Hall.

Thank you for your continued resilience and commitment to Sumas.

Sincerely,

Bruce Bosch
Mayor of Sumas
